Google

SUMMER

OF

CODE

2012

What is Google Summer of Code?

Google Summer of Code is a program designed to encourage college student participation in open source software development.

The Gist

- Contribute to open source
- Give back to the community
- Gain valuable experience
- Apply your knowledge
- Oh yeah, get a Google stipend

How it works

- 1) Find a project that interests you
- 2) Discuss your idea and apply
- 3) Get accepted
- 4) Have fun and code
- 5) Pass the evaluations
- 6) Stay involved

Participating Projects

Have included projects on:

- Operating Systems
- Hardware Management
- Mobile, Portable, Handheld & calculators
- Databases
- Programming Languages, Libraries & Compilers
- Code Design, Development & Management
- Internet & Networks
- Video, TV & Photography

Participating Projects

- Web Technologies
- Content Management
- Office Applications & Text Editors
- Simulations, Modeling & Neural Networks
- Analytical Sciences
- Biology and Health Care
- Graphics, 3D Rendering, CAD & Animation
- Game Development
- Mail, Phone & Internet Messaging
- Multimedia, Audio, & Music

Stipends

- Google will provide a stipend of 5500 USD per accepted student developer, of which 5000 USD goes to the student and 500 USD goes to the mentoring organization.
- Accepted students in good standing with their mentoring organization will receive a 500 USD stipend shortly after coding begins.
- Students who receive passing mid-term evaluations will receive a 2250 USD stipend shortly after the mid-term evaluation.
- Students who receive passing final evaluations will receive a 2250 USD stipend and mentoring organizations will receive 500 USD shortly after the final evaluation deadline.

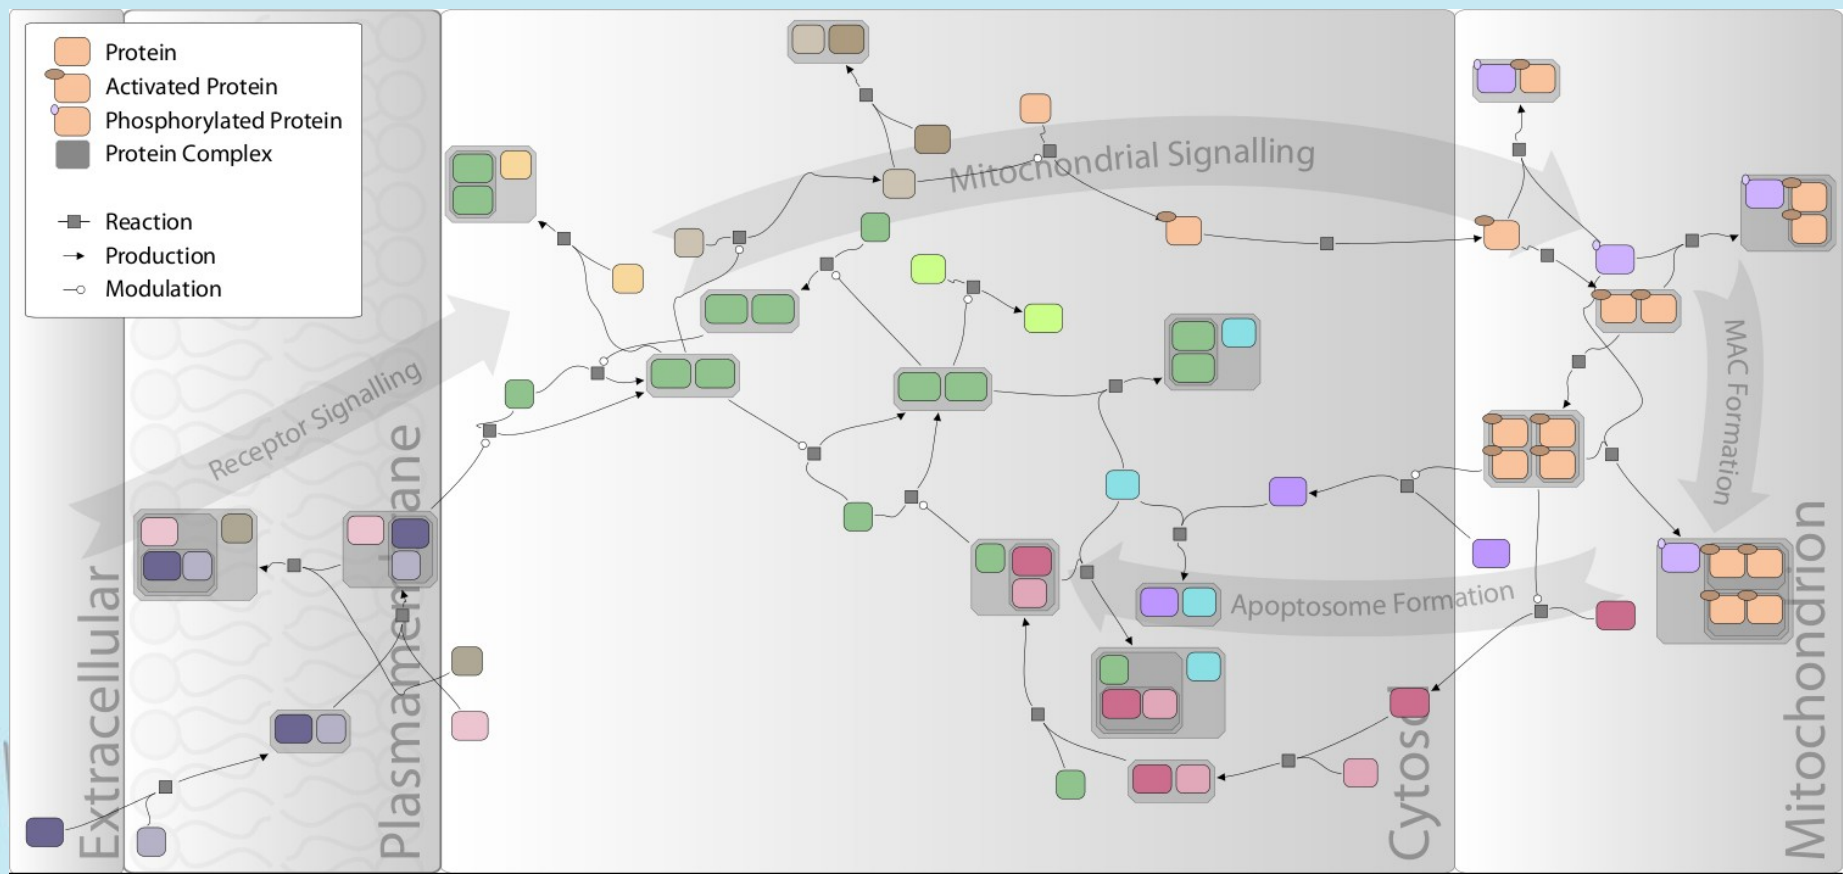

Google Summer of Code timeline

- **March 16:** List of accepted mentoring organizations published on <http://www.google-melange.com>
 - **March 17-25:** Would-be student participants discuss application/project ideas with mentoring organizations.
 - **March 26-April 6:** Student application period
 - **April 23:** Accepted student proposals announced at <http://www.google-melange.com>
-
